EAST SEA FREQ

独立的音乐判断

AN INDEPENDENT MUSICAL VISION

EAST SEA FREQ 东海电子，是一个以地下电子音乐为核心的独立厂牌。我们关注低频与身体之间的关系，坚持独立的音乐判断，为实验、即兴和不被轻易归类的声音留出位置。

EAST SEA FREQ is an independent label rooted in underground electronic music. We explore the relationship between low frequencies and the body, trust our own musical judgement, and make room for experimentation, improvisation and sounds that resist easy categories.

电子，是东海的原生频率

Electronic at our core.

我们珍惜这样的舞池：每个人都能按自己的方式感受音乐，在共同的节奏里自由表达，也为彼此留出空间。

We value a dance floor where everyone can experience music in their own way, express themselves freely within a shared rhythm, and leave space for one another.

像海底持续涌动的深流，我们因各自的频率相遇，并将回响带往更远的地方。

Like deep ocean currents, our distinct frequencies meet and flow together, carrying their resonance out into the world.

Low frequencies.

We explore the relationship between low frequencies and the body, making room for experimentation, improvisation and sounds that resist easy categories.

在同一空间
共享同一时刻

A shared space.
A shared moment.

对我们而言，音乐不止是一段被播放的作品，更是人与人进入同一空间、共享同一时刻的方式。

For us, music is more than something to play. It is a way of sharing a space and a moment.

从声音到现场，从屏幕到日常物件，我们用直接的节奏、开放的态度和持续的探索，建立属于自己的频率。

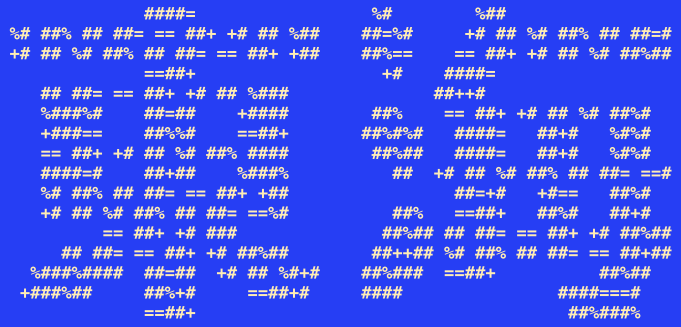

Across sound, live experiences, screens and everyday objects, we work with direct rhythms, an open attitude and a drive to explore.

属于现场，也属于每一个在场的人

A culture shaped by everyone in the room

与每座城市，一起做现场

Shaped with each city’s own scene

01

共同策展

Shared curation

让东海的音乐判断与当地 Club 的声音取向相遇，一起决定每一晚的内容。

We bring East Sea’s musical perspective into conversation with the club’s own identity, shaping each night together.

02

本地连接

Local relationships

重视本地主理人、驻场 DJ 与真实乐迷，让每站保有这座城市自己的性格。

Local promoters, residents and listeners shape the night. Each stop should feel rooted in its own city.

03

现场体验

Care for the floor

从声音、动线到舞池氛围，把音乐和人的体验放在共同讨论的中心。

Sound, room flow and atmosphere belong in the same conversation. Music and the people in the room come first.

04

持续内容

A life beyond the night

让有价值的演出留下内容。在共同确认的范围内，让现场连接到更多听众。

Where agreed, recordings and editorial content can give a set a longer life and connect it with more listeners.

让音乐有完整的表达

Room for a complete musical statement

声音的自主性

Musical autonomy

我们希望邀请你带来自己的音乐判断。在策展中讨论适合的时段、演出长度与现场条件，为完整的 set、即兴和个人声音留出空间。

We invite artists to bring their own musical perspective. Together, we consider timing, set length and the room, making space for a complete set, improvisation and an individual voice.

- 尊重选曲与表达 / Respect for selection and expression
- 重视完整的现场叙事 / Care for the arc of a performance

合作的清晰度

Clear working terms

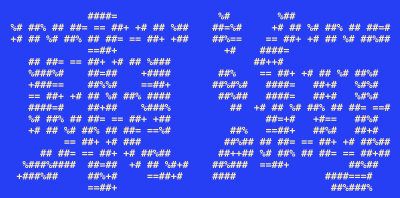

把专业沟通作为合作的起点。演出安排、技术需求、费用与结算方式提前讲清；录音、影像与发布范围，在双方达成共识后推进。

Professional communication is our starting point. Show arrangements, technical needs, fees and payment terms should be clear in advance. Recording, filming and release proceed within a mutually agreed scope.

- 技术与演出安排提前对齐 / Advance production coordination
- 内容使用尊重共同约定 / Agreed boundaries for content use
